- 1 HGH makes truck (lorry) engines using batch production. Quality assurance is important. Last year profit decreased by 30%. The Managing Director has decided to close one of its two factories based on the information in Table 1. He said: 'The problems are high energy costs and increased competition from imports. The Government should introduce measures such as import quotas to help protect businesses like us. If it does not then both factories may close'.

**Table 1: Cost and other information about the two factories**

	Factory 1	Factory 2
Output per month	1200	1260
Number of employees	150	140
Labour productivity per month	8	X
Level of trade union membership	High	Low

- 3 ZumGo is a business partnership between two brothers Richie and Justin. It provides bus tours for people wanting to go on holiday. After two successful years, Justin wants to expand the business by buying another bus. This will cost \$28 000. When Richie produced the cash flow forecast as part of ZumGo's business plan he forgot to include the \$6000 for advertising in March. They cannot decide whether to lease the bus or use all their retained profit to buy one. Leasing would cost \$1000 per month for 2 years.

**Table 3: Cash flow forecast for 3 months ending 31 March 2018 (\$)**

	January	February	March
Cash in	36 000	36 000	30 000
