Paper 1 Short Answer and Essay

**May/June 2018**

MARK SCHEME

Maximum Mark: 40

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2018 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

IGCSE™ is a registered trademark.

This document consists of **12** printed pages.

### Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

#### GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

#### GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

#### GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

#### GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

#### GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

#### GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**9084 Paper 1 Specific Marking Principles**

Marks are awarded for each answer when the following Assessment Objectives (AO) are met. The mark scheme for each answer indicates when and how each AO can be met.

**AO1 – Demonstrate knowledge and understanding of business concepts.**

The focus in Section A of the Examination Paper is on this first AO.

- (a) Questions 1, 2, and 4 will meet this AO using definitions and explanations of business concepts.
- (b) Question 3 provides an opportunity for the application and a more developed explanation of a business concept. The 4–5-mark level specifically provides for this more developed explanation.

In Section B of the Examination Paper

- (a) Questions 5, 6, and 7 still require supporting **Knowledge and Understanding (AO1)**, but there is now a focus on **Application (AO2)**, **Analysis (AO3)**, and **Evaluation (AO4)**. These skills are set out below:

**AO2 – Apply knowledge and understanding of business concepts to general and specific situations and contexts.**

- (a) Where a specific business or context is named in the question then the candidate is required to relate answers specifically to this business or context.
- (b) It is not sufficient to merely repeat the name of the business or the context.

**AO3 – Analyse business problems, issues, situations and contexts, through a discussion and interpretation of evidence, debate, theory, impact and consequence, to produce reasoned and coherent arguments.**

- (a) Level 3 answers will likely use terms such as – because, leads to, therefore, so that, as a result, consequently – thereby showing analytical development for AO3.

**AO4 – Limited Evaluation is given**

- (a) When an attempt is made, (probably in a concluding section of an answer), to address and comment on the value and validity of the previous analysis.
- (b) These comments may be quite brief and be more opinionated than reasoned.
- (c) A mere concluding summary of preceding analysis is, however, not evaluation.

**AO4 – Evaluation occurs**

- (a) When an answer comments on the validity/significance of previous analysis in an evidence based and reasoned way.
- (b) This often leads to the presentation of appropriate substantiated judgements, decisions, or recommendations.

Question	Answer	Marks
1(a)	<p><b>Define the term ‘inventory management’.</b></p> <p>The activities involved in maintaining an appropriate/optimal amount/ level of inventory (1) to assist cash flow and keep costs low (1). To ensure uninterrupted production/service levels (1). The management/control/organisation of stock items/suppliers (1). Overseeing ordering of inventory / storage of inventory (1). The efficient control of stock levels (1). One type is JIT (allow other methods) (1).</p> <p>Sound definition – 2 of the factors listed above (2 marks)</p> <p>Partial definition – 1 of the factors listed above (1 mark)</p> <p>No creditable content. (0 marks)</p>	2
1(b)	<p><b>Briefly explain <u>two</u> reasons why a business might decide to hold a high level of inventory.</b></p> <p>The reasons for holding a high level of inventory could include:</p> <ul style="list-style-type: none"> <li>• A buffer against anticipated high demand.</li> <li>• Respond to seasonal variations in demand.</li> <li>• To eliminate/reduce the risk of stock-out costs.</li> <li>• In anticipation of future supply problems.</li> <li>• To provide sufficient levels of inventory to meet customer demand.</li> <li>• To take advantage of discounts for bulk purchasing.</li> <li>• To respond to anticipated future price rises by suppliers.</li> <li>• To improve customer service with high levels of product/service availability.</li> <li>• The stock is not perishable/does not deteriorate.</li> <li>• To reduce transportation costs.</li> <li>• There is extra space available.</li> </ul> <p>Answers could relate to a specific business or a specific product within a business.</p> <p>Sound explanation of <b>two</b> reasons for holding a high level of inventory. (3 marks)</p> <p>Sound explanation of <b>one</b> reason or partial explanation of <b>two</b> reasons. (2 marks)</p> <p>Partial explanation of <b>one</b> reason or a list of <b>two</b>. (1 mark)</p> <p>No creditable content. (0 marks)</p>	3

Question	Answer	Marks
2(a)	<p><b>Define the term ‘below the line’ promotion.</b></p> <p>Promotional activities where the business has direct control over the target or intended audience (1). Promotion that is not a directly paid-for means of communication (1). Promotion based on short-term incentives to purchase (1). The business is not paying a third party to produce promotional materials on its behalf (1). Examples could include sales promotions, loyalty cards, free gifts, flyers, direct marketing, personal selling, word of mouth and sponsorship. (1)</p> <p>Sound definition – 2 of the factors listed above (2 marks)</p> <p>Partial definition – 1 of the factors listed above (1 mark)</p> <p>No creditable content (0 marks)</p>	<b>2</b>
2(b)	<p><b>Briefly describe <u>two</u> methods of ‘above the line promotion’.</b></p> <p>Answers may include:</p> <ul style="list-style-type: none"> <li>• Relevant methods include two of the following – newspapers, magazines, online media, social media, television, radio, cinema, billboards, trade journals.</li> <li>• Candidates may interpret methods as types of above the line promotion such as persuasive and informative advertising. This interpretation is valid and should be credited.</li> <li>• A sound explanation of any of these methods must contain some description of how the method works and/or a detailed explanation of the method itself.</li> <li>• For example, magazines may be used to persuade readers to purchase a product by using attractive pictures. TV is a visual medium and demonstrates products for sale moving images.</li> </ul> <p>Sound explanation of <b>two</b> methods of above the line promotion. (3 marks)</p> <p>Sound explanation of <b>one</b> method or partial explanation of <b>two</b> methods. (2 marks)</p> <p>Partial explanation of <b>one</b> method or a list of <b>two</b>. (1 mark)</p> <p>No creditable content. (0 marks)</p>	<b>3</b>

Question	Answer	Marks
3	<p><b>Explain the possible long-term consequences for a business of low levels of employee motivation.</b></p> <p>Answers could include the following:</p> <ul style="list-style-type: none"> <li>• Motivation – the factors that lead to employee desire to satisfy needs and achieve objectives.</li> <li>• Low motivation can lead to poor qualitative performance – quality suffers.</li> <li>• Low motivation can lead to poor quantitative performance – productivity declines.</li> <li>• Absenteeism can increase.</li> <li>• Work time can be spent on personal issues and/or socialising.</li> <li>• Labour turnover may increase (best workers may leave).</li> <li>• Accidents may increase as employees become careless and lack concentration.</li> <li>• There might be more grievances/disputes.</li> <li>• Employees may not respond to orders/opportunities.</li> <li>• Consequences could include impacts on brand image, competitiveness, shareholders, costs/profits, investments, ability to pay back loans, reputation and the survival prospects of the business.</li> </ul> <p>Effective explanation of possible consequences for a business of low levels of employee motivation. The fifth mark is reserved for those candidates who make specific reference to long term consequences for a business of low levels of employee motivation. (4–5 marks)</p> <p>Limited explanation of possible consequences for a business of low levels of employee motivation. (2–3 marks)</p> <p>Understanding of low levels of motivation. (1 mark)</p> <p>No creditable content. (0 marks)</p>	5

Question	Answer	Marks
4(a)	<p><b>Define the term ‘capital expenditure’.</b></p> <p>The expenditure on fixed or non-current assets (1) e.g. buildings and machinery (1) that are expected to last for more than one year (1).</p> <p>Sound definition – 2 of the factors listed above (2 marks)</p> <p>Partial definition – 1 of the factors listed above (1 mark)</p> <p>No creditable content (0 marks)</p>	2

Question	Answer	Marks
4(b)	<p><b>Briefly explain <u>two</u> reasons why a bank might refuse to lend money to an entrepreneur.</b></p> <p>Answers could include the following:</p> <ul style="list-style-type: none"> <li>• The bank may be unconvinced of the ability of a business to pay back a loan.</li> <li>• The borrowings of a business / entrepreneur may be seen as being too high.</li> <li>• The entrepreneur may have submitted an inferior business plan.</li> <li>• The bank may be concerned with inadequate cash flow and collateral.</li> <li>• The bank may be unconvinced about the marketing plans / quality of management of the business/expansion plans.</li> <li>• The state of the economy and the liquidity of the bank means that the bank may be unwilling to lend to many businesses, including an entrepreneur.</li> </ul> <p>Sound explanation of <b>two</b> reasons for a bank refusing to lend money to an entrepreneur. (3 marks)</p> <p>Sound explanation of <b>one</b> reason for a bank refusing to lend money to an entrepreneur or partial explanation of <b>two</b> reasons. (2 marks)</p> <p>Partial explanation of <b>one</b> reason or a list of <b>two</b>. (1 mark)</p> <p>No creditable content. (0 marks)</p>	3

Question	Answer	Marks																		
5(a)	<p data-bbox="316 248 1142 315"><b>Analyse why a train company might use a strategy of price discrimination.</b></p> <table border="1" data-bbox="316 349 1321 786"> <thead> <tr> <th data-bbox="323 349 419 398">Level</th> <th data-bbox="419 349 1193 398">Description</th> <th data-bbox="1193 349 1313 398">Marks</th> </tr> </thead> <tbody> <tr> <td data-bbox="323 398 419 483">4</td> <td data-bbox="419 398 1193 483">Good analysis of why a train company might use a strategy of price discrimination</td> <td data-bbox="1193 398 1313 483">7–8</td> </tr> <tr> <td data-bbox="323 483 419 568">3</td> <td data-bbox="419 483 1193 568">Some analysis of why a train company might use a strategy of price discrimination</td> <td data-bbox="1193 483 1313 568">5–6</td> </tr> <tr> <td data-bbox="323 568 419 654">2</td> <td data-bbox="419 568 1193 654">Some explanation / application of why a train company might use a strategy of price discrimination</td> <td data-bbox="1193 568 1313 654">3–4</td> </tr> <tr> <td data-bbox="323 654 419 739">1</td> <td data-bbox="419 654 1193 739">Understanding of price discrimination / pricing strategy options</td> <td data-bbox="1193 654 1313 739">1–2</td> </tr> <tr> <td data-bbox="323 739 419 786">0</td> <td data-bbox="419 739 1193 786">No creditable content</td> <td data-bbox="1193 739 1313 786">0</td> </tr> </tbody> </table> <p data-bbox="316 819 778 853">Answers may include the following:</p> <ul data-bbox="373 891 1326 1473" style="list-style-type: none"> <li>• Price discrimination is a pricing strategy by a business to charge different prices to different customers for the same product.</li> <li>• Price discrimination is not price differentiation such as different prices for different services such as first and second class.</li> <li>• The train company may be able to segment its market into groups of passengers having similar characteristics.</li> <li>• If able to keep these segments apart it can sell different priced tickets according to their reasons for travel – business and leisure.</li> <li>• Can be used to attract passengers at times when trains may not be filled to capacity e.g. off-peak.</li> <li>• Market conditions and operational opportunities provide a range of pricing options for the business.</li> <li>• The price elasticity of demand for a product (e.g. inelastic demand) may provide an opportunity for a business to adopt a price discrimination strategy.</li> <li>• The train company can sell different priced tickets and maximise revenue and potentially increase profits and profitability.</li> </ul>	Level	Description	Marks	4	Good analysis of why a train company might use a strategy of price discrimination	7–8	3	Some analysis of why a train company might use a strategy of price discrimination	5–6	2	Some explanation / application of why a train company might use a strategy of price discrimination	3–4	1	Understanding of price discrimination / pricing strategy options	1–2	0	No creditable content	0	8
