9609/11

Paper 1 Short Answer / Essay

October/November 2020

MARK SCHEME

Maximum Mark: 40

<p>Published</p>

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2020 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **16** printed pages.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

9609 Paper 1 Specific Marking Principles

Marks are awarded for each answer when the following Assessment Objectives (AO) are met. The mark scheme for each answer indicates when and how each AO can be met.

AO1 – Demonstrate knowledge and understanding of business concepts.

The focus in Section A of the Examination Paper is on this first AO.

- (a) Questions 1, 2, and 4 will meet this AO using definitions and explanations of business concepts.
- (b) Question 3 provides an opportunity for Application and a more developed explanation of a business concept. The 4-5-mark level specifically provides for this more developed explanation.

In Section B of the Examination Paper

- (a) Questions 5, 6, and 7 still require supporting Knowledge and Understanding (AO1), but there is now a focus on **Application (AO2)**, **Analysis (AO3)**, and **Evaluation (AO4)**. These skills are set out below:

AO2 – Apply knowledge and understanding of business concepts to general and specific situations and contexts.

- (a) Where a specific business or context is named in the question then the candidate is required to relate answers specifically to this business or context.
- (b) It is not sufficient to merely repeat the name of the business or the context.

AO3 – Analyse business problems, issues, situations and contexts, through a discussion and interpretation of evidence, debate, theory, impact and consequence, to produce reasoned and coherent arguments.

- (a) Level 3 answers will likely use terms such as - because, leads to, therefore, so that, as a result, consequently – thereby showing analytical development for AO3.

AO4 – Limited Evaluation is given

- (a) When an attempt is made, (probably in a concluding section of an answer), to address and comment on the value and validity of the previous analysis.
- (b) These comments may be quite brief and be more opinionated than reasoned.
- (c) A mere concluding summary of preceding analysis is, however, not evaluation.

AO4 – Evaluation occurs

- (a) When an answer comments on the validity/significance of previous analysis in an evidence based and reasoned way.
- (b) This often leads to the presentation of appropriate substantiated judgements, decisions, or recommendations.

Question	Answer	Marks
1(a)	<p>Define the term ‘market share’.</p> <ul style="list-style-type: none"> • The sales of a business (1) • As a proportion or compared with total market sales (1) • Formula $\frac{\text{Total sales of a business}}{\text{Total sales of an industry}} \times 100$ (2) <p>Sound definition of 2 of the factors listed above (or the formula above). (2 marks)</p> <p>Partial definition of 1 of the factors listed above. (1 mark)</p> <p>No creditable content. (0 marks)</p>	2
1(b)	<p>Explain <u>two</u> ways a retailer could increase its market share.</p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> • Establish a more competitive pricing strategy • Increase volume of sales of products • Increase/enhance the range and quality of goods and services offered • Use promotional strategies to attract customers • Create a USP • Create a more friendly and welcoming retail environment • Extend location/number of branches and so increase sales • Merger/takeover of another business • Special offers on products/service. • Stock more branded goods • Use loyalty cards <p>Accept any other valid response.</p> <p>Sound explanation of two ways a retailer could increase market share. (3 marks)</p> <p>Sound explanation of one way a retailer could increase market share or partial explanation of two ways. (2 marks)</p> <p>Limited explanation of one way a retailer could increase market share or a list of two ways. (1 mark)</p> <p>No creditable content (0 marks)</p>	3

Question	Answer	Marks
2(a)	<p>Define the term ‘venture capital’.</p> <ul style="list-style-type: none"> • (Long-term) source of finance/money (1) • Given to entrepreneurs in need of money/capital, especially start-up (1) • Risk capital invested in a business (1) • That has good profit potential (1) • But has difficulty in securing finance from other sources (1) • In exchange for shares / percentage of profits (1) <p>Sound definition of 2 of the factors listed above (2 marks)</p> <p>Partial definition of 1 of the factors listed above (1 mark)</p> <p>No creditable content (0 marks)</p>	2
2(b)	<p>Explain <u>two</u> ways that venture capitalists might help a business.</p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> • Provide long-term funding for business start-ups • Provide start-up capital • Provide funding for small/medium sized businesses who wish to expand/diversify • Provide funding for businesses which find it difficult to get this from any other source • Provide funding for large investment in new technology, complex machinery that other providers are not prepared to fund • Invest in businesses that have severe cash flow problems in the short-term but with good long-term prospects – a rescue function • Save a business from liquidation • Provide ideas/experience to a business (networks as well as funding) <p>Accept any other valid response.</p> <p>Sound explanation of two ways that venture capitalists might help a business (3 marks)</p> <p>Sound explanation of one way that venture capitalists might help a business or partial explanation of two ways (2 marks)</p> <p>Partial explanation of one way that venture capitalists might help a business or a list of two ways (1 mark)</p> <p>No creditable content (0 marks)</p>	3

Question	Answer	Marks
3	<p>Explain how team working could improve the motivation of employees.</p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> • Creates opportunities for social? and esteem needs to be met • Creates a positive work environment • Opportunities for more empowerment and job enrichment in teams • Suggests more interesting work - away from one worker-one task • Greater opportunity for employees to use and develop skills and talents • Opportunity for employees to become multi-skilled • Allows opportunity for more participation in decision-making • Greater satisfaction in working on a more complete unit of work • Provides emotional support - reduces conflict - increases bonds <p>Accept any other valid response.</p> <p>Note: This question is focused on how team working could improve the motivation of <u>employees</u>, rather than the general benefits for a business.</p> <p>Effective explanation of how team working could improve the motivation of employees (4–5 marks)</p> <p>Limited explanation of how team working could improve the motivation of employees (2–3 marks)</p> <p>Explanation of team working (1 mark)</p> <p>No creditable content (0 marks)</p>	5

Question	Answer	Marks
4(a)	<p>Define the term ‘productivity’.</p> <ul style="list-style-type: none"> • Output produced by a person/machine (1) • Divided by units of output i.e. resources / costs / employees / effort (1) • In a stated period of time (1) • How efficiently inputs are turned into outputs (1) • The measure of efficiency of a person / machine (1) • Formula = $\frac{\text{Units of output}}{\text{Units of input}}$ (2) <p>Sound definition of 2 of the factors listed above (correct formula) (2 marks)</p> <p>Partial definition of 1 of the factors listed above (1 mark)</p> <p>No creditable content (0 marks)</p>	2

Question	Answer	Marks
4(b)	<p>Explain <u>two</u> ways that process innovation could improve the efficiency of a manufacturing business.</p> <p><i>Answers could include:</i></p> <ul style="list-style-type: none"> • Simplify and streamline existing processes, e.g. streamline the supply chain and so increase competitiveness and add value • Produce existing products at lower cost • Help a business produce a higher level of output • Use more technology to improve efficiency • Use lean management / get it right first time • Waste minimisation techniques / technology to reduce costs • Source cheaper raw materials • Improve communications / share information • Keep real-time information systems up-to-date • Reduce production downtime • Increase manufacturing agility • Change production process – from batch to flow to mass to customisation • Change manufacturing process from labour-intensive to capital-intensive • Improve the efficiency of inventory management, e.g. JIT • Improve delivery channels <p>Accept any other valid response.</p> <p>Sound explanation of two ways that process innovation could improve the efficiency of a manufacturing business (3 marks)</p> <p>Sound explanation of one way that process innovation could improve the efficiency of a manufacturing business or partial explanation of two ways. (2 marks)</p> <p>Partial explanation of one way that process innovation could improve the efficiency of a manufacturing business or a list of two ways. (1 mark)</p> <p>No creditable content (0 marks)</p>	3

Question	Answer	Marks
5(b)	<p>Evaluation 6 marks</p> <p>Note: Judgements/conclusions may be made at any point in the essay as well as in a concluding section. Evaluation marks can be awarded even when the supporting Analysis and Application content is not strong in an answer.</p> <ul style="list-style-type: none"> • A judgement/conclusion as to the view that a democratic leadership style could cause some businesses to underperform. • It could lead to a lack of productivity / increased costs / reduced profitability / lack of competitiveness / loss of sales / reduction of market share. • But the advantages to a business of democratic leadership could outweigh the potential negative consequences • To what extent does performance/underperformance depend on non-leadership factors such as: <ul style="list-style-type: none"> - the nature of the organisation, e.g. labour or capital-intensive - the history, culture, working practices of an organisation - the attitude of the employees - the willingness of employees to get involved • Well-performing businesses are often run by autocratic/paternalistic leaders who inspire and engage staff and articulate an organisational vision, through determined and ruthless requirements and sanctions. • Businesses that require urgent change/transformation in order to respond to external pressures may also discard democratic principles of management and leadership to perform and succeed. • Without a measure of autocratic leadership, business regeneration may not be possible and so there are clear potential limitations of democratic leadership. <p>Accept any other valid response.</p>	

Question	Answer	Marks																					
6	<p>‘Effective inventory management is the most important function of an operations management department in a manufacturing business’.</p> <p>Discuss the extent to which you agree with this view.</p> <table border="1"> <thead> <tr> <th>Level</th><th>Description</th><th>Marks</th></tr> </thead> <tbody> <tr> <td>5</td><td>Effective evaluation of the extent to which you agree with the view that effective inventory management is the most important function of an operations management department in a manufacturing business</td><td>17–20</td></tr> <tr> <td>4</td><td>Limited evaluation of the extent to which you agree with the view that effective inventory management is the most important function of an operations management department in a manufacturing business</td><td>15–16</td></tr> <tr> <td>3</td><td>Good analysis of the extent to which you agree with the view that effective inventory management is an important function of an operations management department in a business</td><td>11–14</td></tr> <tr> <td>2</td><td>Limited analysis with application of the view that effective inventory management is the most important function of an operations management department</td><td>5–10</td></tr> <tr> <td>1</td><td>Knowledge and understanding of operations management / inventory management / manufacturing business</td><td>1–4</td></tr> <tr> <td>0</td><td>No creditable content.</td><td>0</td></tr> </tbody> </table> <p><i>Answers could include:</i></p> <p>Knowledge and Understanding 4 marks</p> <ul style="list-style-type: none"> • Clear understanding of operations management. • Clear understanding of inventory management. • Clear understanding of manufacturing business. <p>Application 4 marks</p> <ul style="list-style-type: none"> • Reference to the functions of an operations management department. • Reference to methods of inventory management and/or manufacturing.
