

**CAMBRIDGE INTERNATIONAL EXAMINATIONS**

**GCE Advanced Subsidiary Level and GCE Advanced Level**

**MARK SCHEME for the October/November 2012 series**

**9707 BUSINESS STUDIES**

**9707/22**

Paper 2 (Data Response), maximum raw mark 60

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2012 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

- (c) **Analyse the factors that could influence the leadership style used by KK’s managers if they decide to make Robokites.** [8]

Currently laissez-faire. This may be alright because the workforce is highly skilled and motivated.

New situation requires new skills, greater integration of different areas (kites/electronics).

Less scope for individuality. Therefore more direction/control needed? Different skills, different type of work.

How’s it going to be organised?

Management needs tightening up. Some kind of democratic management would suit skills/attitude of work force but there needs to be strong guidance/coordination.

ARA.
