MARK SCHEME

Maximum Mark: 50

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **31** printed pages.

1 Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

2 General Marking Principles**2.1 Crossing out:**

(a)	If a candidate changes his/her mind over an answer and crosses out an attempt, award a mark if the final attempt is correct.
(b)	If a candidate crosses out an answer <u>to a whole question</u> but makes no second attempt at it, mark the crossed out work.

2.2 For Questions 2 and 3, if the candidate has written an answer in the space provided for that purpose, you should ignore anything written anywhere else, unless:

(a)	there is an indication from the candidate that other material should be considered.
(b)	the candidate has continued their answer outside the space provided.
(c)	there is no answer in the space provided.

2.3 Annotation used in the Mark Scheme:

(a)	tc = 'tout court' and means that on its own the material is not sufficient to score the mark.
(b)	BOD = benefit of the doubt and is used to indicate that the Examiner has considered the answer/that part of the answer and judged it to be more correct than incorrect: the benefit of the doubt is given to the candidate and the mark is awarded.

2.4 No response and '0' marks

There is a NR (No Response) option in **RM Assessor**.

Award NR (No Response):

If there is nothing written at all in the answer space or

If there is only a comment which does not in any way relate to the question being asked (e.g. 'can't do' or 'don't know') or

If there is only a mark which isn't an attempt at the question (e.g. a dash, a question mark).

Award 0:

If there is any attempt that earns no credit. This could, for example, include the candidate copying all or some of the question, or any working that does not earn any marks, whether crossed out or not.

2.5 Optional questions: You must mark all questions attempted by the candidate. Where a question has not been attempted then NR must be entered. (For Question 3 only, after marking the question(s) the candidate has answered, NR is populated automatically when you click on 'Complete'.) Where the candidate attempts more than one of the alternatives in Question 3, RM Assessor will automatically only aggregate the candidate's best result.

3 Detailed Mark scheme

Question	Answer	Marks
Question 1	<p>Candidates are required to list 8 items in German. Read all of the items that the candidate has listed and award marks as follows:</p> <p>(i) Select the most correct items up to a maximum of 5. Award 1 mark for each correct item up to a maximum of 5. Stop ticking once 5 items have been rewarded.</p> <p>(ii) On Question 1, award marks for items wherever the candidate has written them.</p> <p>(iii) If the candidate offers more than one word per line, award a mark for each acceptable item.</p> <p>(iv) The pictures provided on the question paper are only suggestions.</p> <p>(v) Mark for communication. Tolerate inaccuracies, provided the message is clear. Ignore any definite / indefinite article, possessive adjective, etc. Ignore any verbs.</p> <p>(vi) If spelling is questionable, start by referring to the detailed mark scheme. Refer to the bullet points below if no decision on the spelling you have encountered is recorded there.</p> <ul style="list-style-type: none"> • ‘If in doubt, sound it out’: if you read what the candidate has written, does it sound like the correct answer? • Look-alike test: does what the candidate has written look like the correct answer, e.g. one letter missing but no other word created. • If the first part of the word is correct, small errors in what comes next are less likely to impede communication (unless they suggest another meaning). • Where letters are transposed, the word is likely to communicate (unless another word has been created). <p>(vii) Once marking proper starts, if there are five clearly acceptable items, award marks wherever these are in the list. This approach may allow questionable versions to be ignored.</p> <p>(viii) Refuse all nouns which are repeated and which do not have a separate meaning:</p> <ul style="list-style-type: none"> • <i>Hose, kurze Hose</i>: award one mark to each item • <i>Kleine Hose, blaue Hose</i>: award one mark for the first <i>Hose</i> <p>(ix) Reject misspelt words which suggest a word with a quite different meaning. Where nouns are usually plural, accept the singular and vice versa.</p>

Question 3		
Candidates answer 1 question from a choice of 3. Read the whole answer and award marks as follows:		
<ul style="list-style-type: none"> • Communication: award a mark out of 10, according to the instructions in 3.1. • Language: award a mark out of 8 for Verbs, according to the instructions in 3.2. award a mark out of 12 for Other linguistic features, according to the instructions in 3.3. 		
For question-specific guidance, see later in this mark scheme.		
<u>3.1: Award a mark out of 10 for Communication</u>		
(i) There are 5 relevant communication points per question, each worth a maximum of 2 marks.		
(ii) For each relevant communication point, use the appropriate numbered tick and place up to 2 of these ticks as close as possible to each relevant communication point (in the body of the answer).		
2 ticks	Message clearly communicated.* Minor errors (adjective endings, use of prepositions etc.) are tolerated.	
1 tick	Communication of some meaning is achieved, but the message may be ambiguous or incomplete.**	
0 ticks	Nothing of worth communicated.	
*in the appropriate time frame		
**irrespective of time frame, attempt at an appropriate verb is made, verb may be incorrect but recognisable		
(iii) Add up the ticks to give a mark out of 10 for Communication.		
Please refer to Appendix II for generic guidance on awarding ticks for Communication.

3.2: Award a mark out of 8 for accurate use of Verbs

When awarding ticks for Verbs, please refer back to the question in order to establish which tense is appropriate for the response. **For question-specific guidance, see later in this mark scheme.**

- (i) Place a tick above the **first** occurrence of each correct verb, up to a maximum of 18 ticks (details of how to award ticks are provided below).
- (ii) Place the tick so that it does not obscure any letters.
- (iii) Convert the total number of ticks to a mark out of 8 using the Conversion table below.

Conversion table for accurate use of Verbs (Question 3)

Number of ticks	Mark
18+	8
16,17	7
14,15	6
12,13	5
10,11	4
8,9	3
6,7	2
4,5	1
0,1,2,3	0

Question	Answer	Marks
----------	--------	-------

How to award ticks for accurate use of Verbs (Question 3):

- **both subject and verb must be correct for the verb to score a tick**
 - **Subject (=subject noun or pronoun including article or possessive) + any finite verb**
 - Disregard adjectives, relative clauses, qualifiers and modifiers when looking at the 'subject'
 - Minor spelling errors in the subject will be tolerated
 - Capitalisation of nouns will be considered under *Other linguistic features*
 - **Ignore inaccuracies in the use of umlauts except where lack/addition of umlaut creates another word e.g. Accept: *wir müssen* (could not mean anything else), but do not accept *ich mochte* where *ich möchte* is required (word means something different).**

- **verb must be in the appropriate tense to score a tick (see session-specific tables on tenses)**

Note: exclude letter etiquette from verb ticks (*Hallo, Wie geht es dir?*) consider under OLF.

Do not award a verb tick where an accurate verb form is used in a sentence that conveys no meaning.

Appendix I**Note on using mark schemes with Grade descriptors**

It is important that you award marks positively. In order to ensure that you reward achievement rather than penalise failure or omissions, you should start at the bottom of the mark scheme and work upwards through the descriptors when awarding marks.

You should adopt a ‘best fit’ approach. You must select the set of descriptors provided in the mark scheme that most closely describes the quality of the work being marked. As you work upwards through the mark scheme, you will eventually arrive at a set of descriptors that fits the candidate’s performance. When you reach this point, you should always then check the descriptors in the band above to confirm whether or not there is just enough evidence to award a mark in the higher band.

For example, when marking Question 3 you may find that a candidate uses a variety of relevant vocabulary but has varied success with more complex structures. In such cases, you will need to award a mark that takes into account both the strengths and weaknesses of the piece of work.

To select the most appropriate mark within each set of descriptors, use the following guidance:

- If most of the descriptors fit the piece (and after you have considered the band above), award the top mark in the band.
- If there is just enough evidence (and you had perhaps been considering the band below), award the lowest mark in the band.

Note on irrelevant material in Question 3

In the case of an answer which is completely irrelevant to the chosen question (3(a) or 3(b) or 3(c)), a mark of 0 is given for Communication and for Language.

In cases where the chosen question was clearly attempted but communication of the set tasks was not achieved (e.g. due to inadequate language control), a score of 0 is given for Communication. Language marks (for Verbs and Other Linguistic Features) are based on any phrases that do communicate meaning.

Irrelevant material that has been included in an otherwise relevant answer does not score for Communication or for Verbs. Communication marks and Verb marks are awarded for the relevant parts of the answer only. The mark for Other Linguistic Features is based on the whole answer.

Appendix II: Generic guidance on awarding ticks for Communication**Example 1:** *Beschreiben Sie, was Sie mit Ihrer Familie gemacht haben.*

Candidate's response	Ticks for Communication	Reason for mark
<i>Ja ich mit meiner Familie gemacht.</i>	0	Nothing of worth communicated.
<i>Wir bin einen Ausflug in die Berge gemacht.</i>	1	Some meaning conveyed – use of 'bin' makes message ambiguous (Is it <i>wir</i> or <i>ich</i> ?).
<i>Wir haben einen Ausflug in die Berge.</i>	0	Message not communicated. Attempt has been made at appropriate time frame but no attempt at appropriate verb
<i>Wir haben einen Ausflug in die Berge gemacht.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir habe einen Ausflug in die Berge gemacht.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir habe einen Ausflug in die Berge gemacht.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir einen Ausflug in die Berge gemacht.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir einen Ausflug in die Berge gemacht.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir habe ein neues Auto.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (still communicates some meaning)
<i>Wir machen einen Ausflug in die Berge.</i>	1	Appropriate choice of verb, verb recognisable in its form but incorrect (in its time frame) (ambiguous but still communicates some meaning)
<i>Ich habe mit meiner Familie einen Ausflug in die Berge gemacht.</i>	2	Message clearly communicated.

Candidate's response	Ticks for Communication	Reason for mark
<i>Ich habe einen Ausflug in die Berge gemacht.</i>	2	Minor error is tolerated

Example 2: *Beschreiben Sie einen Tag, an dem Sie viel Sport getrieben haben. Was war besonders schwierig und warum?*

Candidate's response	Ticks for Communication	Reason for mark
<i>Ich viel Sport getrieben haben.</i>	0	nothing of worth communicated.
<i>Das Schwimmen was schwierig.</i>	0	Meaning not conveyed (<i>was</i> doesn't communicate message in German)
<i>Das Schwimmen war für mich besonders schwierig.</i>	1	Some meaning is conveyed but the message is incomplete (no reason is given).
<i>Das Schwimmen war für mich besonders schwierig, weil das Wasser so kalt war.</i>	2	Message clearly communicated.

3 steps to award Communication marks:

- 1 Check against Communication task (table) > Has the task been attempted? (no attempt → no Comm. tick)
- 2 Find the best attempt at the task
- 3 In that task, is the message clear (2 ticks) or ambiguous/(unclear) (1 tick) or absent (0 ticks)? (see table above)

Additional notes on the award of Communication ticks in Q3 where part of the sentence is incorrect/unclear/ambiguous.

In order for 2 Communication ticks to be awarded to the message, the clause containing the message has to be clear/without ambiguity/in the appropriate time frame.

Letztes Wochenende im Sportzentrum haben wir Federball gespielt und wir haben Sport getrieibt.

Ich kann die Bergen bestiegen, freschen Luft atmen und in der Natur wandern.

Although part of each sentence above may be ambiguous/unclear /contain inaccuracy, we can award 2 Communication ticks each time because the key message is contained in a clause which is clear, accurate, without ambiguity and in the appropriate time frame.
