CAMBRIDGE INTERNATIONAL EXAMINATIONS International General Certificate of Secondary Education

## MARK SCHEME for the October/November 2012 series

# 0452 ACCOUNTING

0452/23

Paper 2, maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2012 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Nadia Dhari

(c)  $\frac{3430}{28900} \times \frac{365}{1} = 43.32 = 44 \text{ days}$  (2)

#### (d) Unsatisfied (1)

Or satisfied if answer to (c) is 30 or below

(e) The business may not have enough liquid funds with which to pay the credit suppliers until money is received from credit customers.

#### Or

If the credit customers pay within the set time the business may be able to pay the credit suppliers within the set time without any significant impact on the bank balance.

#### Or

If the credit customers fail to pay within the set time it may be necessary to obtain short-term funds in order to pay the credit suppliers.

#### Any 1 point (2)

(c)

Capital expenditure	Revenue expenditure
Money spent on purchasing, improving or extending non-current assets	Money spent on running the business on a day-to-day basis
Money spent on items which increase the profit-earning ability of the business	Money spent on the costs of running the business
Money spent of items which will be used in the business over several years	Money spend on items which only benefit the business for one financial year
Are recorded in the statement of financial position	Are recorded in the income statement

### Explanation of any one difference (2)

(d) (i) Profit for the year ended 31 July 2012

Effect	Overstated by \$300 (1)
Reason	An expense has been omitted from the income statement (1)

(i) Capital employed at 31 July 2012

Effect	Overstated by \$300 (1)
Reason	The non-current assets include \$300 which is an expense (1)
	Or
	The total capital is overstated because the profit for the year was overstated (1)

[2]

(e)	(i)	Selling goods at higher prices Purchasing goods at lower prices Reduction in cost of sales Change in proportions of different goods <b>Any 1 reason (2)</b>	[2]
	(ii)	More expenses Reduction in other income Change in type of expenses Expenses not controlled as well as previously <b>Any 1 reason (2)</b>	[2]
	(iii)	Decreased <b>(1)</b> The percentage of expense to sales (revenue) has increased <b>(1)</b>	[2]
