MARK SCHEME

Maximum Mark: 60

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2023 series for most Cambridge IGCSE, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **92** printed pages.

PUBLISHED**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

GENERAL INSTRUCTIONS**Applying the Mark Scheme**

- When marking a response the overall criteria to be considered should be - 'How good is this response to this question?'
- The 'Level Descriptor' should be used to decide the Level into which the quality of the answer fits.
- Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.** It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- Marking must be positive. Marks must not be deducted for inaccurate or irrelevant parts of answers. In itself, poor use of historical terminology, spelling, grammar or handwriting does not affect the mark. The overall quality of the answer to the question should be judged.
- If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response. Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

Question	Answer	Marks
1(a)	What demands were made to the Hungarian Diet by Kossuth in March 1848?	4

'Freeing of political prisoners.' 'Equality before the law.' 'Abolishing exemption from taxes for the nobility.' 'Members of the government to be appointed by parliament.'</p>

Question	Answer	Marks	
1(b)	Why was Louis Philippe unpopular in France by 1848?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'Louis Philippe abdicated because of the economic depression between 1846 and 1847. This was caused by poor harvests, food shortages and a financial crisis. This led to high unemployment, especially in Paris, and middle-class bankruptcies making the King unpopular with both classes. Louis Philippe made the mistake of doing little to help them. He did not think he needed to act because he won the elections of 1846. His failure to act to deal with the economic crisis made him very unpopular and led to his abdication.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'Demands for the franchise to be extended and for constitutional reforms, which Louis Philippe did little about.' 'Disappointment that he did not pass more social reforms.' 'There was an economic crisis with high unemployment and price rises.' 'Writers like Louis Blanc made the King unpopular.' 'The French wanted a republic.' 'Louis Philippe's refusal to pass reforms made him unpopular.' 'The banquets gave the opposition a chance to debate and organise opposition to the King.' 'Louis banned the banquets which increased the opposition to him.' 'In February there were demonstrations and fighting in Paris.' 'The chief minister, Guizot, and his polices made the King unpopular.' 'When Guizot resigned the crowds increased, barricades were put up and the crowds marched on the royal palace.'		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. 'Louis had become very unpopular and had little support.'		1
Level 0 No evidence submitted or response does not address the question	0		

Question	Answer	Marks
1(c)	<p>‘Of all the revolutions in 1848 those in Germany achieved the most.’ How far do you agree with this statement? Explain your answer.</p>	10
	<p>Level 5 Explains with evaluation of ‘how far’</p> <p>As Level 4 plus evaluation.</p>	10
	<p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p>	7–9
	<p>Level 3 One-sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘I disagree with this statement. The revolution in France was very successful as improvements were made for ordinary people by the new socialist and republican provisional government. All men aged 21 and over were given the vote, and the unemployed were helped by the setting up of National Workshops in Paris, providing work for them.’</p> <p>OR</p> <p>e.g. ‘I agree with this statement. The very existence of the Frankfurt Parliament as a body representing all of Germany was a big step forward and meant that the idea of a united Germany would not go away. Also, Prussia had introduced a constitution which had been one of the demands of the revolution. Although the King stayed in power, he now had to rule with checks on him by the constitution and an elected assembly.’</p>	4–6

Question	Answer	Marks
1(c)	<p>Level 2 Identifies AND / OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘In some places like France the king was toppled but in others such as Prussia the king survived.’ ‘The revolutions in Germany failed because all the old rulers re-established their power.’ ‘The revolutions failed to unify Germany.’ ‘The King of Prussia rejected to be crowned as German emperor.’ ‘The Prussian army re-established power in Berlin and in other cities.’ ‘In Paris, the June Rising was defeated and this was the end of the Revolution.’ ‘In France, Louis-Napoleon was elected as president instead of a king.’ ‘In Italy, the Austrians were able to re-assert their control.’</p>	2–3
	<p>Level 1 General answer lacking specific contextual knowledge</p> <p>e.g. ‘The revolution in France achieved more than the revolutions in Germany.’</p>	1

Question	Answer	Marks	
2(b)	Why was Victor Emmanuel II important to Italian unification?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘One reason why Victor Emmanuel II was important to Italian unification was the fact that he was King of Piedmont which was the richest and most powerful state in Italy. This meant that he had the power to influence events moving towards unification. He, for example, supported Garibaldi’s Thousand which led to the fall of Naples, but he was also able to stop Garibaldi from attacking Rome.’		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘He was king of the powerful state of Piedmont.’ ‘He won the support of France by sending troops to fight in the Crimean War.’ ‘He liberated Lombardy from Austrian rule.’ ‘He supported Garibaldi in his expedition to Sicily and Naples.’ ‘Garibaldi was ready to hand over southern Italy to him.’ ‘He became the first King of Italy in 1861.’ ‘He sent troops to conquer the Papal States in 1870.’		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. ‘He was very important because he was the one person who could unify Italy.’		1
Level 0 No evidence submitted or response does not address the question	0		

Question	Answer	Marks
2(c)	<p>‘Foreign influence in Italy was the greatest barrier to unification.’ How far do you agree with this statement? Explain your answer.</p> <p>Level 5 Explains with evaluation of ‘how far’</p> <p>As Level 4 plus evaluation.</p> <p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p> <p>Level 3 One-sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘Austrian control was a real problem. Both Lombardy and Venetia were part of the Habsburg Empire and most people believed that unification could not be achieved without first expelling the Austrians. In 1848–9, it was Austria that put down the revolutions. It defeated Charles Albert of Piedmont and the Venetian Republic. Unification only became likely when the Austrians were defeated in 1859.’</p> <p>OR</p> <p>e.g. ‘I do not agree with this. I think the biggest problem was the fact that all the states in Italy had their own identities, laws and customs. Most people in Italy did not think of themselves as Italian. They identified with their state or even their village or town. There was no national consciousness. They even spoke different dialects that were not understood in other parts of Italy. The South was backward and rural and very different from the North which was richer and more advanced and industrial. This made it very difficult to get people to support the idea of unification.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>

Question	Answer	Marks
2(c)	<p>Level 2 Identifies AND / OR describes</p> <p>One mark for each point.</p> <p>e.g. 'Austrian power was an obstacle.' 'Few people in Italy saw themselves as Italian.' 'Italy was divided with many states suspicious of each other.' 'Many Italian states were suspicious of the ambitions of Piedmont.' 'The Austrians defeated the revolutions of 1848–9.' 'French troops defeated the Roman Republic and reinstated the Pope.' 'Cavour was suspicious of revolutionaries such as Garibaldi.' 'Napoleon failed to keep his promises made at Plombières.'</p>	2–3
	<p>Level 1 General answer lacking specific contextual knowledge</p> <p>e.g. 'I think there were many barriers to unification and foreign influence was one of them.'</p>	1

Question	Answer	Marks	
3(a)	What was the Missouri Compromise?	4	
	<p>Level 1 One mark for each relevant point; additional mark for supporting detail</p> <p>e.g. 'It was an attempt to deal with growing divisions over slavery.' 'It admitted Missouri to the Union as a slave state and Maine as a free state.' 'It banned slavery from the Louisiana Purchase lands.' 'It was passed in 1820 and lasted until 1854.' 'It was repealed by the Kansas-Nebraska Act.' 'President James Monroe signed the legislation.'</p>		1–4

Question	Answer	Marks	
3(b)	Why was there opposition to Reconstruction?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘There was opposition because many people in the South wanted to re-establish white supremacy. They did not believe that black Americans were their equals and wanted to regain control of the South. This can be seen in the activities of the Ku Klux Klan and the white militia units like the White League who terrorised black Americans in the South. They were horrified when black Americans got the vote and black politicians won elections.’		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘There was opposition because Southerners did not like ex-slaves gaining political power.’ ‘People opposed Reconstruction because they were racist.’ ‘People in the South resented people like the carpetbaggers.’ ‘People in the South resented Northerners taking control in the South.’ ‘There was opposition to Reconstruction because it involved military rule in the South.’		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. ‘There was opposition to Reconstruction because many people did not agree with the ideas behind it.’		1
	Level 0 No evidence submitted or response does not address the question		0

3(c)	<p>‘Anti-slavery “Free-Staters” were responsible for the violence in Kansas in 1854–59.’ How far do you agree with this statement? Explain your answer.</p> <p>Level 5 Explains with evaluation of ‘how far’</p> <p>As Level 4 plus evaluation.</p> <p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p> <p>Level 3 One-sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘I disagree because it was pro-slavers who were responsible. Thousands of pro-slavers flooded in from Missouri and illegally voted for pro-slavery candidates in the elections. As a result of illegal votes and intimidation Kansas ended up with a pro-slavery legislature. Not surprisingly, Northerners refused to accept this government and set up their own and violence followed.’</p> <p>OR</p> <p>‘I think this is right. The trouble was caused by abolitionists in New England sending anti-slavers to settle in Kansas. They did this so that they could vote to make sure that Kansas would be a free territory. Then John Brown murdered some pro-slavery settlers in what became known as the Pottawatomie Massacre. These anti-slavers were outsiders and were interfering in the affairs of Kansas where many of the settlers did not support their actions.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>

Question	Answer	Marks
3(c)	<p>Level 2 Identifies AND / OR describes</p> <p>One mark for each point.</p> <p>e.g. 'Abolitionists sent anti-slavery settlers to Kansas.' 'The anti-slavers refused to accept the new government elected in Kansas.' 'John Brown massacred some settlers.' 'Pro-slavers came across the border to vote in Kansas illegally.' 'Pro-slavers won elections by using intimidation.' 'The pro-slavers attacked Lawrence, destroying many buildings.'</p>	2–3

4(b)	Why did members of Young Bosnia plan to assassinate Archduke Franz Ferdinand?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'They did this because they were against Bosnia being part of the Austro-Hungarian Empire. They wanted to free Bosnia-Herzegovina, where many Slavs lived and which the Austrians had taken over a few years before. They wanted to set up a new state for south-Slavs.' 		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'They did this because they were Serb nationalists.' 'They wanted to create a union of south-Slav peoples.' 'They wanted to break free from Austrian rule.' 'They wanted to free Bosnia from the Austro-Hungarian Empire.' 'They did this because he was heir to the Austro-Hungarian throne.' 'They did this because Bosnia was part of the Austrian Empire.' 'They did this because he was visiting Sarajevo in Bosnia.' 		2–3

4(c)	<p>‘Kaiser Wilhelm II was the person most responsible for the July Crisis of 1914 ending in war.’ How far do you agree with this statement? Explain your answer.</p> <p>Level 5 Explains with evaluation of ‘how far’</p> <p>As Level 4 plus evaluation.</p> <p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. It was Germany that gave Austria the blank cheque. This gave Austria the opportunity to declare war on Serbia and this set the war off because Russia was bound to support Serbia and Germany was going to support Austria. Other countries like France and Britain would then follow. Without the blank cheque Austria would not have acted so quickly because it knew that it could not act without German support.’</p> <p>OR</p> <p>e.g. ‘I think Russia was mainly responsible for the crisis ending in war. If Serbia had not known that it had Russia behind it, Serbia might not have acted as it did. It would not have got involved in the assassination and it might have reacted to Austria’s ultimatum more carefully. Russia mobilised its army first and Germany regarded this as a declaration of war. This caused Germany to mobilise and then declare war. So it was Russia’s fault.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>

Question	Answer	Marks
4(c)	<p>Level 2 Identifies AND / OR describes</p> <p>One mark for each point.</p> <p>e.g. ‘Germany gave Austria the blank cheque.’ ‘Germany had the Schlieffen Plan and so was clearly planning for war.’ ‘Germany supported Austria and encouraged it to go to war with Serbia.’ ‘Russia encouraged Serbia to stand up to Austria.’ ‘Russia mobilised early and this helped bring war closer.’ ‘Austria was keen to teach Serbia and provoked a war with it.’ ‘Britain failed to make its position clear to Germany which did not think Britain would go to war.’</p>	2–3

5(b)	Why was the Treaty of Saint Germain important?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'It was important because it took the great Austro-Hungarian Empire apart. This had been one of the most powerful empires in Europe, but the treaty destroyed it. Hungary, Czechoslovakia and Poland became independent and a union between Austria and Germany was banned. This left Austria as a small nation surrounded by hostile states. It was now powerless.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'It destroyed the Austro-Hungarian Empire.' 'Austria lost land which became Hungary, Yugoslavia and Poland.' 'It banned Austria and Germany ever unifying.' 'It turned Austria into a small powerless state.' 6(c)	<p>‘It was the behaviour of member states, not the structure of the League, that led to its failure.’ How far do you agree with this statement? Britain and France were key members in the League but their reluctance to take tough action against Japan over Manchuria and Italy over Abyssinia meant that the League was powerless. Britain and France did not want to take action over Italy because they were hoping it would be an ally against Hitler’s Germany. Japan and Italy were both members of the League when they took their aggressive actions against Manchuria and Abyssinia and so were undermining the League.’</p> <p>OR</p> <p>e.g. ‘I think the structure of the League was the main problem. It had no army and enforcing decisions across the other side of the world, as in Manchuria, was slow and very difficult. It was also not helped by the fact that the permanent members had a veto in the Council and the fact that the Assembly only met once a year. This made decision-making very slow as was seen over the Japanese invasion of Manchuria.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>

9(b)	Why was the use of convoys at sea important?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘The convoy system was very important to Britain. Before it was introduced, German U-boats could pick off isolated merchant ships and sink them. An enormous number were sunk. In response, Britain introduced the convoy system. Large numbers of merchant ships would cross the Atlantic together. They were protected by battleships and aircraft. This made it difficult for the German U-boats to attack the merchant ships and many were sunk by depth charges dropped by the battleships. The number of merchant ships being destroyed was greatly reduced.’		4–5

	Level 3 One-sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘I agree with this. The Turkish resistance was very strong. This was possible because they were so well prepared. They had been well aware that an attack was coming because of the earlier naval attack. A German commander, Otto Liman von Sanders, had doubled the defensive forces and established strong positions on the hills overlooking the beaches on which the Allies were likely to land. He had given the Turkish forces lessons in defending trench positions, especially using machine guns, grenades and bayonets.’ OR e.g. ‘I disagree. I think it failed because it was so badly planned. The Allies did not have enough troops for the offensive. In fact, Kitchener halved the number of British troops used because he opposed the whole plan. The British carried out naval raids a month before the offensive which warned the Turks what was going to happen. Finally, the troops were dropped off at the wrong place and were completely open to direct fire from the Turks. They were also faced by steep cliffs and so they were trapped on the beach under heavy fire. There were enormous numbers of casualties. This was caused by poor planning and poor execution of the plans.’	4–6

10(b)	Why was there ‘war weariness’ in Germany by 1917?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘There was war weariness in Germany because of the blockade of Germany by the British navy. This happened after the Battle of Jutland. All neutral merchant ships in the North Sea were intercepted and if they contained materials that could help Germany they were confiscated. This meant that Germany could not feed its population. People had less and less to eat and by 1917 there were food riots right across Germany. There was even a shortage of potatoes and people had to eat turnips instead. This is why there was war weariness.’		4–5

Large numbers did not arrive until the summer of 1918 and the Americans never had a victory on the battlefield that was essential to ending the war. They did make the Allied armies a bit stronger, but the Allies would have won anyway. The Battle of Amiens, on the other hand, was a turning point in the war. It was an advance of 8 miles and a crucial breakthrough. The German army was left depleted and exhausted. It was the battle that persuaded Ludendorff and the Kaiser that they had to end the war.’</p> <p>OR</p> <p>e.g. ‘I disagree because the US entry into the war was crucial. By 1918, large numbers of American troops were arriving in Europe. Their arrival was an enormous psychological boost to the Allied troops. They allowed the Allies to transfer their more experienced soldiers into the most important parts of the Western Front where the Germans were still launching offensives. 14(b)	Why was it important to Stalin to modernise Soviet agriculture?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'This was important for Stalin because of his ambitions to change Russia into a modern industrialised country. If more people were going to work in cities in industry, then they needed to be fed. To increase the amount of food being produced, Stalin introduced collectivisation. This meant peasants' holdings being put together. This would let them make better use of their equipment such as tractors and introduce new farming methods. The produce would be sold to the state which could be used to feed the growing industrial population.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'To increase production.' 'More food was needed to feed the growing industrial population.' 'Russia was not producing enough food.' 'They sold the surplus abroad and raised money.' 'It would allow his Five-Year Plan to succeed.'		2–3

21(b)	Why was the 1948–49 war important?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'It was important because it started the existence of Palestinian refugees. During the war, Israeli soldiers drove Palestinians from their homes and there was a massive flight of people. They were never able to come back to their villages and so they became refugees. Israel would not let them return and so they ended up in camps. In 1950, the UN set up camps across the Arab states and this seemed to show that the refugee issue would be permanent.'		4–5
	Level 2 Identifies AND / OR describes reasons (One mark for each identification/description) e.g. 'Israel increased its territory.' 'Israel gained defensible boundaries.' 'It showed that Israel could defend itself and defeat Arab armies.' 'Hopes for a Palestinian state were crushed.' 'Palestinians were driven from their homes and became refugees.' 'Refugee camps were set up by the UN.'		2–3
	Level 1 General answer lacking specific contextual knowledge e.g. 'I think it was very important because it changed the situation enormously.'		1

21(c)	<p>‘The United Nations’ partition plan had little support.’ How far do you agree with this statement? Explain your answer.</p>	10
	<p>Level 5 Explains with evaluation of ‘how far’</p> <p>As Level 4 plus evaluation.</p>	10
	<p>Level 4 Explanation of both sides</p> <p>A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.</p>	7–9
	<p>Level 3 One-sided explanation OR one explanation of both sides 5 to 6 marks</p> <p>More detailed explanation of one issue to be given two marks.</p> <p>e.g. ‘I agree with this. The Arabs did not like the plan at all. They did not like the idea of setting up a Jewish state in what they regarded as their land. They could also see that the plan gave the Jews most of the land when their population was smaller than the Arab population. Finally, they greatly disliked the idea of many Arabs living under Jewish rule. They thought the UN committee was biased towards the Jews from the start and complained that they had been given a much worse deal than that for the Jews.’</p> <p>OR</p> <p>e.g. ‘There was support for the plan. Both the USA and the USSR supported the plan. This was very important because without their support the plan could not have worked. The Jews also generally liked the plan because they were being given a Jewish state – a Jewish homeland, which was what they had been asking for over a long time.’</p>	4–6

22(b)	Why did the 1967 war increase the number of Palestinian refugees?	6	
	Level 4 Explains TWO reasons		6
	Level 3 Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. 'This was because Israel did well in the war and gained a lot of Arab territory. In fact, it tripled its size and gained Gaza, the West Bank, East Jerusalem, and the Golan Heights. Palestinians fled from these areas as they did not want to be under Israeli control. They had nowhere to go and ended up as refugees.' 		4–5

Jordan even drove the PLO out of its country, killing thousands of Palestinians.’</p> <p>OR</p> <p>e.g. ‘I do not think Arab states have done much for the Palestinian cause. Each of the Arab states used the Palestinians to help their own national interests rather than helping the people who needed help. Even back in 1948 some Arab countries did not help the Palestinian refugees to return home because the existence of refugee camps was a useful propaganda weapon.’</p>	<p>10</p> <p>10</p> <p>7–9</p> <p>4–6</p>
